STUDENT ADMISSION

- **For all students- Immunization records must be up-to-date.**

Junior High Admission Requirements

A student who has been promoted from the sixth grade of an accredited school in Missouri or any other state will be admitted to the seventh grade.

Students in the Laclede County R-1 sixth grade are pre-enrolled in the spring and enrollment will automatically be finished in August.

New students need to bring with them a copy of withdrawal or transfer, grade cards, health records, proof of residency, social security card and the address where all other needed information can be obtained. Students who enroll without proper information will be placed according to information available. Upon receiving records from the previous school, the student's records will be reviewed and placement will be confirmed or changed. Credits can be accepted only from schools approved by their state departments of education. See private school credit on page #11.

High School Admission Requirements

Any student who has been promoted from the eighth grade of an accredited school either in Missouri or any other state may be admitted to the ninth grade at Conway High School. Students who apply for admission to grades nine through twelve on the basis of prior schooling outside of the district shall be placed initially in the grade level they have reached. The principal and counselor shall determine whether the grade placement is appropriate for the student. Immunization records must be up-to-date.

Non-Resident Students

The Board of Education is providing educational facilities for all resident students. The Board of Education shall have the right to determine if non-resident pupils may be admitted to the Conway schools, and the lawful requirements of tuition, attendance, conduct, graduation and suspension or expulsion which non-resident students must meet.

Resident Students Not Living With Parents

Students living in the district, not living with their parents or legal guardian, must present to school officials upon enrollment, a legal power of attorney stating parents or legal guardian are relinquishing all responsibility of said student involving financial support, debts incurred at school and the responsibility of the conduct of said student during school and school related activities

to the person(s) with whom the student is residing.

Transfer Students

Students transferring from another school district should bring immunization records and grades at the time of withdrawal from the previous district to the counselor's office. Transfer students will not be enrolled until the counselor has determined that the student's immunizations are up-to-date and the student is not under disciplinary action at the school he/she is transferring from. If no such action is found, the student will be enrolled on a tentative basis until the school records of the transferring student are received. At that time, the counselor will inform the student if changes need to be made in scheduling or in grade placement.

Students transferring to Conway High School prior to their senior year must meet the requirements for graduation established by the Laclede County R-1 School District.

Students transferring to Conway High School at the beginning or during their senior year may have unit requirements waived if the student's previous school district required fewer units for graduation than the Laclede County R-1 School District and the student was on track and in good standing to complete that district's requirements. Such a waiver will require administrative approval.

To be eligible for graduation from Conway High School, any student transferring into the district must complete a minimum of one semester (3 units) of approved class work at Conway High School and meet the conditions stated previously. To be eligible for valedictorian or salutatorian honors a student must complete six semesters of attendance at Conway High School.

Transfer Students Under Disciplinary Action

No student shall be permitted to enroll at Conway High School while under disciplinary procedures or action (suspension) from another school until the disciplinary procedure has been completed or the disciplinary action (suspension) is fulfilled. A student expelled from another school shall not be permitted to enroll at Conway High School.

Private School Credit

Students transferring into the Laclede County R-1 School System from private schools who are functioning at no more than two grades below grade level on a nationally normed achievement test will retain their grade level. Private school transfer students who have not been tested prior to transfer by the sending school or if the sending school will not furnish test scores, will be tested and the student placed according to test results.

The same procedure shall be used with students who are being educated at home and decide to re-enter Laclede County R-1 Schools. Special services students will be placed by the Laclede County R-1 special services team.

Schedule Changes

Since the number of courses and sections are primarily based on

student request, and students are permitted to select an alternative course if a conflict occurs or a class closes, the need for a schedule change should be eliminated. Therefore, once an official schedule has been made, a student may change his/her schedule only under the following conditions:

- A. All student-initiated schedule changes will be handled in August. Specific dates for handling schedule changes will be published prior to August of any given year.
- B. Valid reasons for schedule changes are as follows:
 - 1. Conflicts appearing on computer schedules.
 - 2. Changes needed to satisfy graduation requirements on time.
 - 3. Failure of a prerequisite course.
 - 4. Changes required for the health of student. (Doctor's recommendation necessary)
 - 5. Successful completion of the course in summer school.
 - 6. Inappropriate placement as determined by teacher/counselor consultation.
- C. Parents may appeal a denial for schedule change to the school administration. The decision of the school administration will be final.
- D. After the August change period, no student-initiated changes will be made.
- E. Administrative changes to balance classes or correct student misplacement will be made as soon as possible.

Part-Time Student Attendance

Seniors may attend less than a full day of school under the following conditions:

- 1. Seniors must be enrolled in a minimum of 85% of a full day's schedule.
- 2. Seniors must be acquiring enough units of credit and meeting all graduation requirements.
- 3. Students must complete and return a Part-Time Student Authorization Form to the principal's office before he/she will be allowed to leave school early.
- 4. Students that break the agreement will have their part-time status revoked and will be enrolled as full-time students.

Attendance Policy

I. ATTENDANCE POLICY

A. Philosophy

The purpose of this policy is to ensure students attend school and classes on a regular basis to achieve academic success. Regular school and class attendance is essential to the educational success and grade promotion of Laclede County R-1 students.

Regular school and class attendance lays the foundation for future expectations that will positively affect Laclede County R-1 students in their public and private lives. Because the Laclede County R-1 School District believes so much in the importance of regular school and class attendance and educational success, the Laclede County R-1 School District will monitor and enforce any and all Laclede County R-1 policies and Missouri state statutes that mandate regular school attendance.

Furthermore, this policy shall be reviewed and examined on a yearly basis. The district administration will monitor the effectiveness, consistency and fairness of the attendance policy.

B. Student and Family Responsibility

It is the expectation that all students attend school and all classes on a regular basis. Parents/guardians must be held accountable and responsible for sending their children to school.

Students and families need to be able to provide clear and appropriate documentation during the appeal process for credits, make-up work and absences. Students and their respective families must honor any and all time lines established for make-up work privileges, absences and credit hearings.

C. Compulsory Attendance Requirements

In accordance with Missouri state law, "A parent, guardian or other person in this state having charge, control or custody of a child between the ages of seven (7) and 17 years of age shall cause the child to attend regularly some public, private, parochial, parish, home school or a combination of such schools not less than the entire school term of the school which the child attends." (167.031,RSMo.)

Students who are absent an excessive number of days as defined by the attendance policy may not be eligible to receive credit for courses or may be retained in the same grade.

D. English Second Language and Exceptional Education

Procedures and policies governing English Second Language (ESL) students and students with disabilities according to IDEA and/or Section 504 shall take precedence over this attendance policy whenever an application of this policy would conflict with the legal rights specially provided to such students.

II. ABSENCES AND MAKE-UP WORK

A. Students returning to school from an absence:

Shall furnish a written explanation from the student's parent, guardian, custodian, or doctor stating the date and reason for each absence within 2 school days. This must be brought to the office to be kept in the student's file. An "Admit to Class" slip will be given to the student. Students will carry this slip to all classes missed and obtain the appropriate teachers' signatures.

Students receiving out-of-school suspension must report to office upon return to obtain an "Admit to Class" slip. Students will not be admitted to class without an "Admit to Class" slip.

At the point at which the student's absences cause the student to fail in meeting the "Attendance Requirement" for academic credit or promotion, the student and parent/guardian will have an opportunity for a hearing and will bear the responsibility

of filing the necessary documentation within the time lines established in the hearing process. (See hearing process)

B. Notification of excessive absences:

Parent/guardian or custodian will be contacted by mail when a student has excessive absences from any class. The parent/guardian will be informed of the need for regular school attendance. To help this process out, parents are encouraged to contact the school whenever their child is not in attendance.

Additional contacts related to absences must be documented and made by phone, mail or personal contact. Contacts will be made at the following absence intervals:

- At four (4) days absent in any given class, an attendance warning letter will be mailed to the parent and student.
- At six (6) days absent in any given class, a letter will be sent informing the parent that the student may not be eligible to receive credit if they reach eight (8) absences in a given class.
- At eight (8) days absent in any given class, a letter will be sent informing the parent and student that they are no longer eligible to receive credit for those classes in which the student has 8 absences. Appropriate law enforcement officials may be contacted.

C. Make-Up Work:

Students will be allowed two days for each day absent to complete work missed during an absence (excluding school sponsored activities). Absences due to school sponsored activities must follow approved guidelines established by classroom teachers.

D. Long-Term Assignments:

One of the purposes of assigning a long term project is to learn the importance of meeting deadlines. Major class assignments such as term papers, research papers or any other long term project will be due by the date assigned. The teacher will give notice to the students on the date the assignment was made as to the period of time that the project may be turned in. Students who miss the deadline may petition the teacher to accept the project late for a reduced grade. This will be up to the discretion of the teacher.

ATTENDANCE REQUIREMENT

A. Number of Absences Allowed

1. Students will be allowed seven (7) absences per class per semester.

2. Documentable absences are as follows:

- Documented medical appointments, hospitalization or medical recuperation. A written excuse must be presented

with the doctor's/dentist's signature or stamp. Visits to a health department will not be considered documented.

- Death in the Immediate Family--When the absence results from the death of a member of the immediate family of the student.
The immediate family of the student includes, but is not necessarily limited to, grandparents, parents/custodians/guardians, and siblings. Verified with funeral documentation.
- Mandated court or juvenile office appearances
- Documented WIC appointments

B. Credit/No Credit

Because of the strong correlation between attendance and learning, a student may not be eligible to receive credit for courses in which he or she has been absent 8 days or more during a semester, subject to the power of the Attendance Committee to review the student's case and waive absences, as herein provided. For GPA purposes, these courses will receive a weight of zero.

C. Attendance Committee

An attendance committee will be established for the purpose of conducting hearings on credit issues. The committee will be guided by the academic purposes of this policy and the waivable absences provided for by Section IV of this policy.

D. Hearings Process

A hearing before the attendance committee is made when a student has been notified in writing that the district does not intend to grant credit due to the student's absence from academic instruction. The student must abide by and meet any and all date deadlines established by the Laclede County R-1 School District as they pertain to hearings on credit.

E. Hearing Procedure and Time Line

1. When a student reaches the 8 day non-credit status in a class per semester a letter will be mailed home to notify the student and parent of the students ineligibility to receive credit and of the availability of a hearing.
2. A "Student Hearing Request Form" will be mailed with the eight (8) day absence letter. The parent/guardian and student will have the responsibility to complete the form and explain in writing the reason(s) for the absences.
3. The student and parent/guardian have five (5) business days from receipt of the "Student Hearing Request Form" to return it to the office secretary.
4. Upon receipt of the "Student Hearing Request Form" a hearing will be scheduled prior to the end of the semester. The attendance committee will schedule a meeting twice a year at the end of the fall and spring semesters.

5. The student must have a parent/guardian involved in the hearing process unless the student is 18 years of age or emancipated.
6. All relevant documentation will be reviewed during the hearing.
7. The parent/guardian and student will be notified of the decision within five (5) school days after the hearing.

IV. ABSENCES THAT THE DISTRICT MAY CONSIDER FOR THE PURPOSE OF DETERMINING CREDIT STATUS:

The hearing committee will consider student absences for the following reasons, provided that satisfactory evidence of the absence is provided to the committee. The degree of academic impairment is the primary consideration that should guide the waiver decision.

1. Illness or injury--When the absence results from illness or injury which prevents the student from being physically able to attend school. Only documented illnesses or injuries will be excused.
2. Quarantine--When isolation from the student is ordered by the local health officer or by the State Board of Health
3. Death in the Immediate Family--When the absence results from the death of a member of the immediate family of the student. The immediate family of the student includes, but is not necessarily limited to, grandparents, parents/custodians/guardians, and siblings. Verified with funeral documentation.
4. Medical or Dental appointments--When the absence results from a medical or dental appointment of a student. A written excuse must be presented with the doctor's signature or stamp.
5. Court or Administrative proceedings--When a student is a party to or is under the subpoena as a witness in the proceedings of a court, appears at a hearing before a governmental agency or an administrative tribunal.
6. Religious Observances--When the student or the student's parents, guardians or custodians adhere to a religion whose tenets require, or suggest the observances of a religious event. The parent must seek prior approval of the principal for such absences. Approval should be granted unless the religious observance or the cumulative effect of religious observances is of such duration as to substantially interfere with the education of the student.
7. Educational Opportunity--When the student obtains the principal's approval of a valid opportunity, such as travel. This does not include family vacations.
8. Out-of-School Suspension--When the student's behavior or actions warrant the removal of the student from the school

environment resulting in the interruption of school attendance by official directive from the chief building administrator or the designated representative.

9. Any other absences protected by the district's nondiscrimination policy/procedures.

V. **OTHER FACTORS THAT THE COMMITTEE MAY CONSIDER FOR THE PURPOSE OF DETERMINING CREDIT STATUS:**

1. Number of documented absences related to the total number of absences.
2. Number of previous semesters the student has exceeded the attendance policy.
3. Grades at the time of the hearing.
4. Student's disciplinary record.

VI. **DEFINITIONS**

1. School Day--The official beginning and ending time to the school day as designated by the Laclede County R-1 School District.
2. Absence--Not being present in a regularly scheduled class, course and school regardless of the reason. A student arriving after fifteen (15) minutes of class has transpired will be considered absent to that class.
3. Tardy--A student who arrives to their regularly scheduled class after class begins. A student arriving before fifteen (15) minutes of class has transpired will be considered tardy from that class.
4. Early sign out--Any student who leaves school prior to the end of the regularly scheduled school day. Early sign-out will be treated as an absence.
5. Truancy--Being absent from school or class without the knowledge or consent of school officials or parents, regardless if for one (1) class period or all day.

III. **STUDENT WITHDRAWAL**

Parents or guardians must contact the principal or counselor and complete the proper documents before a student may officially withdraw from school. The student must pick up a withdrawal slip from the guidance office, have it completed properly, and return it to the guidance office before withdrawal is complete.

A. **Procedures**

1. 17 and under--Only parents or guardians of record may withdraw children aged 17 or under. Once the school year begins, the minor (under the age of 17) child may not be withdrawn by the parent without concrete evidence of plans to enroll at another school or other arrangements

in compliance with the compulsory education law. If the parent fails to provide such support and the student fails to report for 10 days thereafter, the student will be withdrawn by the principal and the juvenile office will be notified.

2. 18 and over--Adults (age 18 and over) or legally emancipated students may transact their own withdrawals with the school.
3. Non-Attending Students--Students who have been absent 10 consecutive days without an excuse and refuse to attend in spite of every reasonable attempt by the principal to have the student attend, may be withdrawn by the principal. The report of withdrawal under these conditions must have attached a record of the school's attempts (telephone, mail and/or visitations) to rectify the situation.

Tardy Policy

Being punctual to class is the student's responsibility. In the break between blocks, the student must take care of his/her personal business and report to class before the tardy bell rings. At the discretion of each teacher further tardy procedures may be reflected in the classroom syllabi. This means the definition of in door or in seat. Any student failing to do so without a note from a staff member is considered tardy. Notes from home will not justify an excused tardy. As with attendance, tardies are accumulated by the semester.

The following procedure will be followed for students who are tardy:

1. Teachers will report tardies for that block to the office.
2. On the fifth reported tardy of the semester, the parent will be notified of the problem.
3. On the sixth tardy and through the tenth tardy of the semester, the parent will be notified and the student will be assigned one day of ISS.
5. Failure to attend ISS will result in three days of Out-Of-School Suspension (O.S.S.).

6. After the tenth tardy of the semester, the student will receive In School Suspension for each additional tardy. Example: 11th-1day, 12th-2days, 13th-3days and so on.

Late Arrival

Students arriving late for school must sign in at the principal's office before going to class.

Leaving School During the School Day

Students who need to leave school during the school day must have planned to do so in advance. They must bring a note signed by their parents or guardian before they may be released. The principal's signature is to be obtained on this note prior to first hour. Students must then sign out properly in the principal's office before they leave. Parents or guardians may sign students out by personally reporting to the principal's office or calling.

Perfect Attendance

All students who are not absent more than two periods all year will

be considered in perfect attendance. (This does not include absences that are sponsored by the school.)

Emergency School Closings

Sometimes factors exist that will cause school to close. Most of these closings in our district are caused by inclement weather conditions. If inclement weather conditions exist that make it questionable as to whether school will be held or not, students and parents should listen to Springfield Radio Stations KWTO, KGBX, KTTS, or television stations KOLR or KY3TV. School closings will also be posted with Lebanon radio media, School Reach and our District Web Site at www.lacledecountry1.com.

Emergency Evacuation Procedures

All emergency evacuation procedures are posted in every classroom and practiced twice a year. In the case that we do have to evacuate the school property, all students will be put on a school bus and driven to Phillipsburg Christian Church. At our arrival, the classroom teachers will take roll. When parents come to the pick-up site, the parent must report to the buildings attendance clerk and check out their child. All communication will be handled from our central office with postings on our district website, twitter; Facebook and school reach phone system.

STUDENT ACTIVITIES

School Trips

The school sponsors various school trips during the course of the school year. The following regulations will be in effect for all school sponsored trips:

1. All trips must be approved by the principal. Dates and travel arrangements must be made with the activities director and director of transportation.
2. Students must ride the bus designated for their particular organization or group to and from the destination.
3. Parents and guardians may make a written request to the sponsor/principal for permission to take their son/daughter after the activity.
4. Students are reminded that they are representing Laclede County R-I Schools while attending any school sponsored event or activity that takes place away from the school district. All rules and regulations concerning conduct, which apply to a regular school day, will also apply to students on all school sponsored trips.
5. Field trips are a privilege. Decisions to allow student participation will be based on attendance, grades, and/or behavior. Students must also have an activity agreement on file in the office.
6. Sponsors of school events will announce to the students the school bus departure time. Students who are late run the risk of being left and suspended from attending the next school sponsored trip away-from-school.

Student Participation

Students who represent Laclede County R-1 School in extra-curricular activities must be full time students and creditable school citizens and judged so by the proper school authority certifying a list of students for competition. Those students whose character or conduct is such as to reflect discredit upon themselves or their schools are

not considered "creditable school citizens." Conduct shall be satisfactory in accord with standards of good discipline.

A. Academic Requirements

In order to participate in any extra-curricular activity, the following academic requirements must be maintained:

Grades 7-12

1. Any student receiving more than one failing grade at the end of the 9 week grade check will be ineligible to participate in any extra-curricular activity (including non-educational field trips) until the next grade check. Students will be eligible to participate in any practices during this time.
2. Students not meeting this standard may become eligible at the next grade check by having no more than one failing grade at that time.
3. Any student failing two or more classes at the end of the semester will be ineligible to participate in any extra-curricular activity (including non-educational field trips) for the next semester. In addition, students will be ineligible to participate in any practices during this time.

B. Attendance Requirements

If a student misses class(es) without being excused by the principal, the student shall not be considered eligible on that date. Further, the student cannot be certified eligible to participate on any subsequent date until the student attends a full day of classes or has a documented absence(s) from all classes missed.

C. Discipline Requirements

Students who are suspended from school are not eligible for participation in school sponsored extra-curricular activities or attendance at any school sponsored extra-curricular activity until the suspension is completed.

The student who is "expelled" or who withdraws from school because of disciplinary reasons shall not be eligible for 365 calendar days from the date of expulsion or withdrawal.
(Article VII, Section II, M.S.H.S.A.A. Handbook.)

D. Enrollment Requirements

Students who are enrolled less than 6 periods in one day are not eligible to participate in school or state sponsored extra-curricular activities, co-curricular or organizational activities. To participate in athletics, students must be enrolled full-time. See the Student Activities Handbook.

E. Prom Requirements:

Students must have filled out and turned in an activity agreement form. The student must be present for the entire school day prior to the day of prom unless previous approval from the administration has been granted. All guest forms must be turned in a minimum of one week prior to prom for verification purposes for the office. **As with other school activities,**

outside dates for prom may be denied access based upon discipline history, their criminal record, or a negative reference from a school administrator. All fines and fees must be paid before a prom ticket can be purchased.

ACTIVITY AGREEMENT

Any student who represents his/her school in extra-curricular and co-curricular activities shall be enrolled as an undergraduate student of the school (except as provided in By-Law 238.2a), and shall meet the following general standards of eligibility and the specific applicable MSHSAA standards in By-Laws 230 through 283.

MEDICAL INFORMATION**Health and Medication Policies**

This information will be kept in the Health Office and may be released to emergency medical services.

Immunizations

It is the policy of the Laclede County R-I School District that all students attending the district schools shall be immunized in accordance with the law.

The district will not allow a student to attend school until the district has satisfactory evidence on file that the student has been immunized, that the immunization process has begun and satisfactory progress is being accomplished or that the student is exempted from obtaining immunization in accordance with law.

A student is exempted from obtaining immunizations if the district has on file the completed forms necessary to prove that the student will not be immunized for religious or medical reasons. An exemption for medical reasons requires certification by a licensed doctor of medicine or doctor of osteopathy that either the immunization would seriously endanger the child's health or life or that the child has documentation of laboratory evidence of immunity to the disease. An exemption for religious reasons requires written certification from one (1) parent or guardian that immunization of the student violates his or her religious beliefs.

Homeless students who cannot provide proof of immunization will be immediately enrolled, and the district's homeless coordinator will work with the students to obtain the necessary immunizations as soon as possible.

The district will exclude from school all students who are not immunized or exempted as required by law. When immunization is in progress, failure to meet the next scheduled appointment constitutes noncompliance with the immunization law, and the student should be excluded from school immediately.

The district must report to the Department of Health and Senior Services the names of any parent or guardian who neglects or refuses to permit a nonexempt student to be immunized. The district will also report to the Children's Division (CD) of the Department of Social Services any instance of educational or medical neglect.

Missouri State Law section 167.191 RSMo 1986 makes it unlawful for any child to attend public school while afflicted with any CONTAGIOUS OR INFECTIOUS DISEASE. Any student suspected of having a communicable disease or condition shall be removed from school until condition has improved, the recommended exclusion period has passed or a physician determines them not to be communicable any longer. This includes, but is not limited to:

Emergency Medication

Parents should provide the district with emergency medication to be administered in the event of a severe allergic reaction if the child has known reactions. The emergency medication and physician's orders for the medication shall be kept in a secure location but easily accessible to qualified designated personnel.

Non-life Threatening Allergic Reaction Medication

Antihistamine elixir or tablet/capsule is kept in the Health Office for the treatment of unexpected, non-life threatening allergic reaction for which parents/guardian/responsible person have not sent a medication from home. Oral request for administration from the parents/guardian/responsible person must be obtained prior to such administration. The request for administration must be documented in the phone log and student file. A note to the parents/guardian/responsible person regarding the administration of the medication and a request for a signature statement for the administration must be sent, received and placed in the student file.

Self-Administration of Medication

A physician may recommend that an individual student with a chronic health condition, such as asthma or other potentially life-threatening respiratory illness, assume responsibility for his or her own medication as part of learning self-care. The student may self-administer medication by way of a metered-dose inhaler, provided that the following conditions have been met:

1. The parent/guardians/responsible person must provide written authorization for the self-administration of medication, a written medical history of the student's experience with the respiratory illness, and a plan of action for addressing any emergency situations that could reasonably be anticipated as a consequence of administering the medication and having the illness.

2. The parents/guardians/responsible person must provide written certification from the student's physician that the student has asthma or other potentially life-threatening respiratory illness, and that the student is capable of and has been instructed in the proper method of self-administering the medication and has been informed of the dangers of permitting others to use the student's medication.
3. The Board must inform the parents/guardian/responsible person in writing, that the district and its employees or agents shall incur no liability as a result of any injury arising from the self-administration by the student, absent any negligence by the district, its employees or agents: or as a result of providing all of the above-mentioned relevant information to the school nurse, absent any negligence by the district, its employees or agents, or in the absence of a school nurse, to the school administrator.
4. The parents/guardians/responsible person must sign a statement acknowledging that the district shall incur no liability as a result of any injury arising from the student's self-administration of medication, and that the parents/guardians/responsible person shall indemnify and hold harmless the district and its employees or agents against any claims arising out the student's self-administration of medication. Request for the student to self-administer medication for the asthma or other potentially life-threatening respiratory illness is effective for the school year in which it is granted, and is renewed for each subsequent school year upon meeting the conditions set forth above.
5. The parent/guardian of the student has the responsibility for informing school personnel of any changes in the student's health or in the student's medication.

Documentation

Medication administration will be documented on the medication administration form signed by the parent/guardian/responsible person. Over the counter medications will be documented on the daily log sheet, including student name, reason for medication, time, dosage, amount and name of medication. Written notification will be provided to parents/guardian/responsible person regarding the administrator, date, time, dosage and amount of OTC medication that was administered.

The school district retains the right to reject requests for medication administration.

Health Screenings

Health screenings will be conducted annually during the first semester of school as recommended by the State of Missouri. This may include but is not limited to hearing, vision, dental, height and weight for students in 7th, 9th and 11th grades; students who are being screened for special education programs and the three-year reevaluation program; new to the district without proof of screening from the previous school and as requested by the teacher or parent/guardian. Students will be screened unless parent/guardian provides written exemptions. All findings will be reported to parent/guardian with written recommendations for medical follow up as findings indicate.

Body Mass Index (BMI) will be calculated for all school age students. Any findings above 95% require a blood pressure assessment. A written referral will be sent to the parents/guardians with a recommendation for medical follow up for students failing to meet American Heart Association Age-adjusted Blood Pressure Guidelines.

Unless otherwise excused, Scoliosis screening is conducted for students, minimally, in grade 9. Follow up screening will be provided in 3-6 months to any student with a spinal curvature deviation of less than 7 degrees. A written referral will be sent to the parents/guardians with a recommendation for medical/dental follow up if the screening measurement on the scoliometer is 7 degrees or greater. It is requested that the written referral be completed and returned to Health Services.

Other Programs

Other programs offered that the health office participates or is involved with include: CPR/First Aid, Hygiene and STD's. All students will be included in the offerings unless parent/guardian provides written exemption.

Head Lice

The Laclede County R-1 School recognizes the health, as well as, social concern that is presented by the infestation of students with head lice. Experience has shown that infestation continues in a number of students to the detriment of the student body as a whole. Therefore, it shall be the policy of the R-1 Board of Education to:

- Examine junior and senior high students when signs of infestations are observed and/or reported.
- Exclude from school attendance any student who is found to be infested with head lice.

- Allow excused absence for up to 3 calendar days of school work missed.
- Allow unexcused absence for the 4th and 5th calendar days of school work missed.
- Refer any number of calendar days over 5 to the Division of Family Services.

The absence policy applies to any and every infestation and re-infestation of head lice.)

Student Accident or Illness at School

Students who become ill or injured at school should report to the Health Office. First aid and basic care will be given according to "Recommended Procedures for Emergency Care of Illness & Injuries", as published and distributed by the Missouri Department of Health in Cooperation with the Department of Elementary and Secondary Education. If a student is considered too ill to return to class, every attempt will be made to contact a parent or guardian to pick up the student.

Students will be released to home or to see a doctor with parent's/guardian's consent, only. All injuries, no matter how slight, are to be reported to the nurse or, in the nurse's absence, the school principal.

Student Accident Insurance

Student accident insurance information **can** be found **at** markelinsurance.com. The insurance is not provided by the school system but by a private carrier and must be purchased by individual students. The cost is reasonable and provides coverage during interscholastic events during school time.

All students involved in interscholastic sports must be covered by accident insurance and present a waiver signed by their parent or guardian. The waiver indicates to the school that you have accident insurance that will bear any cost related to an injury that occurs during interscholastic sports.

Student Code of Conduct

The Student Code of Conduct is designed to foster student responsibility, respect for others, and to provide for the orderly operation of district schools. No code can be expected to list each and every offense that may result in disciplinary action. However, it is the purpose of this code to list certain offenses, which, if committed by a student, will result in the imposition of a certain disciplinary action. Any conduct not included herein, or an aggravated circumstance of any offense or an action involving a combination of offenses may result in disciplinary consequences that extend beyond this code of conduct as determined by the principal, superintendent and/ or Board of Education. In extraordinary circumstances where the minimum consequence is judged by the superintendent or designee to be manifestly unfair or not in the interest of the district, the superintendent or designee may reduce the consequences listed in this policy, as allowed by law. This code includes, but is not necessarily limited to, acts of students on school property, including playgrounds, parking lots and school transportation, or at a school activity, whether on or off school property. District discipline policies are important for the maintenance of an atmosphere where orderly learning is possible and encouraged. All district personnel responsible for the care and supervision of students are authorized to hold every pupil strictly accountable for any disorderly conduct in school or on any property of the school, on any bus going to or returning to school, during school-sponsored activities or during intermission or recess periods. According to state law, authorized personnel shall not be civilly liable when acting in conformity with the written policies on discipline. Monitoring devices are located inside and outside the building to help maintain a safe environment for students.

When a student is sent to the assistant principal's/principal's office for disciplinary action, the administrator has the option of following the disciplinary actions outlined in the paragraphs below and/or administering other disciplinary action at their discretion.

Surrogate Parent Program

Pursuant to the requirements of state law 162.997-999 RSMo, the state Board of Education is required to appoint a surrogate parent at such time as it becomes evident that a child with a disability does not have a parent or a person acting as a parent to participate in matters dealing with the provision of special education. For purposes of surrogate parent appointment, "parent" is defined as a biological parent, a guardian, or a person acting as a parent of a child including, but not limited to, a grandparent, a step parent, or a foster parent with whom the child lives. The term does not include the State if the child is a ward of the State. The term does not include a person whose parental rights have been terminated.

The local school district is given the responsibility to determine when a child with a disability who requires special education and who resides in the District is without a parent. The District must notify the Missouri Department of Elementary and Secondary Education of the need to appoint a surrogate parent. Training for persons serving as surrogate parents will be provided by the Missouri Department of Elementary and Secondary Education and the District.

If you are interested in volunteering to serve as a surrogate parent, more information can be obtained from the District's surrogate parent contact person - the person responsible for the District's special education program. Contact the school at the

Public Notice

The superintendent or designee will continuously publicize the district's policy prohibiting illegal discrimination and harassment and disseminate information on how to report discrimination and harassment. Notification of the district's policy will be posted in a public area of each building used for instruction or employment or open to the public. Information will also be distributed annually to employees, parents/guardians and students as well as to newly enrolled students and newly hired employees. District bulletins, catalogs, application forms, recruitment material and the district's website will include a statement that the Laclede County R-1 School District does not discriminate in its programs, activities, facilities or with regard to employment. The district will provide information in alternative formats when necessary to accommodate persons with disabilities.

Reporting

All persons must report incidents that might constitute illegal discrimination or harassment directly to the compliance officer or acting compliance officer. All district employees will direct all persons seeking to make a grievance directly to the compliance officer. Even if the potential victim of discrimination or harassment does not file a grievance, district employees are required to report to the compliance officer any observations, rumors, or other information regarding discrimination or harassment prohibited by the policy. If a

verbal grievance is made, the person will be asked to submit a written complaint to the compliance officer or acting compliance officer. If a person refuses or is unable to submit a written complaint, the compliance officer will summarize the verbal complaint in writing. A grievance is not needed for the district to take action upon finding a violation of law, district policy or district expectations.

Students, employees and others may address concerns directly with the person alleged to have caused harassment or discrimination in an attempt to resolve the issue, but are not expected or required to do so.

Student-on-Student Harassment

Building-level administrators are in a unique position to identify and address discrimination and harassment between students, particularly when behaviors are reported through the normal disciplinary process and not through a grievance. The administrator has the ability to immediately discipline a student for any behavior that otherwise would lead to disciplinary action in accordance with the district's discipline policy. The administrator will report all incidents of harassment and discrimination to the compliance officer and will direct the parent/guardian and student to the compliance officer for further assistance. The compliance officer may determine that the incident has been appropriately addressed or recommend additional action. When a grievance is filed, the investigation and complaint process detailed below will be used.

Investigation

The district will immediately investigate all grievances. All persons are required to cooperate fully in the investigation. The district compliance officer or other designated investigator may utilize an attorney or other professionals to conduct the investigation.

In determining whether alleged conduct constitutes discrimination or harassment, the district will consider the surrounding circumstances, the nature of the behavior, the relationships between the parties involved, past incidents, the context in which the alleged incidents occurred and all other relevant information. Whether a particular action or incident constitutes a violation of this policy requires a determination based on all of the facts and surrounding circumstances. If, after investigation, school officials determine that it is more likely than not that discrimination, harassment or other prohibited behavior has occurred, the district will take immediate corrective action.

Grievance Process Overview

1. If a person designated to hear a grievance or appeal is the subject of the grievance, the next highest step in the grievance process will be used.
2. Investigation and reporting deadlines are not mandatory upon the district when more time might be necessary to adequately conduct an investigation and to render a decision. When extended, the person filing the complaint will be notified. If more than twice the allotted time has expired without a response, the appeal may be taken to the next level.
3. Failure of the person filing the grievance to appeal within the timelines given will be considered acceptance of the findings and remedial action taken.
4. The district will investigate all grievances, even if an outside

enforcing agency such as the Office for Civil Rights, law enforcement or the CD is also investigating a complaint arising from the same circumstances.

5. The district will only share information regarding an individually identifiable student or employee with the person filing the grievance or other persons if allowed by law and in accordance with Board policy.
6. Upon receiving a grievance, district administrators or supervisors, after consultation with the compliance officer, will take immediate action if necessary to prevent further potential discrimination or harassment during the pending investigation.

Grievance Process

1. Level IB A grievance is filed with the district's compliance officer. The compliance officer may, at his or her discretion, assign a school principal or other appropriate supervisor to conduct the investigation when appropriate.

Regardless of who investigates the grievance, an investigation will commence immediately, but no later than ten (10) working days after the compliance officer receives the grievance. The compliance officer will complete a written report within 30 working days of receiving the grievance that 1) summarizes the facts; 2) makes conclusions on whether the facts constitute a violation of this policy; and 3) if a violation of this policy is found, recommends corrective action to the superintendent. If someone other than the compliance officer conducts the investigation, the compliance officer or acting compliance officer will review and sign the report. The person who filed the grievance will be notified in writing, in accordance with law and district policy, regarding whether the policy has been violated.

2. Level IIB Within five (5) working days after receiving the Level I decision, the person filing the grievance may appeal the compliance officer's decision to the superintendent by notifying the superintendent in writing. The superintendent may, at his or her discretion, designate another person (other than the compliance officer) to review the matter when appropriate.

Within ten (10) working days, the superintendent will complete a written decision on the appeal, stating whether a violation of this policy is found and, if so, stating what corrective actions will be implemented. If someone other than the superintendent conducts the appeal, the superintendent will review and sign the report before it is given to the person appealing. A copy of the appeal and decision will be given to the compliance officer or acting compliance officer. The person who filed the grievance will be notified in writing, in accordance with law and district policy, regarding whether the policy has been violated.

3. Level IIIB Within five (5) working days after receiving the Level II decision, the person filing the grievance may appeal the superintendent's decision to the Board by notifying the Board

secretary in writing. The person filing the grievance will be allowed to address the Board, and the Board may call for the presence of such other persons deemed necessary. The Board will issue a decision within 30 working days for implementation by the administration. The Board's decision and any actions taken are final. The Board secretary will give the compliance officer or acting compliance officer a copy of the appeal and decision. The person who filed the grievance will be notified in writing, in accordance with law and district policy, regarding whether the policy has been violated.

Confidentiality and Records

To the extent permitted by law and in accordance with Board policy, the district will keep confidential the identity of the person filing a grievance and any grievance or other document that is generated or received pertaining to grievances. Information may be disclosed if necessary to further the investigation, appeal or resolution of a grievance, or if necessary to carry out disciplinary measures. The district will disclose information to the district's attorney, law enforcement, the CD and others when necessary to enforce this policy or when required by law.

In implementing this policy, the district will comply with state and federal laws regarding the confidentiality of student and employee records. Information regarding any resulting employee or student disciplinary action will be maintained and released in the same manner as any other disciplinary record.
